## **USING THE BOARD IN REMLABS**

Under USER DEFINED KEYS (rightmost buttons) press 3

Under LAYER (bottom left on the display screen panel) select MASTER

This creates a 6.1 system (3 x stereo pairs plus a subwoofer)

FL1 FR2

SL7 SR8

RL3 RR4

SUB6

\*\*\*\*For most things, FL1 and FR2 plus SUB6 will be sufficient, but the entire 6.1 system is on by default

## **FOR 8-CHANNELS**

Under USER DEFINED KEYS (rightmost buttons) press 1

Under LAYER (bottom left on the display screen panel) select MASTER

This creates an 8.1 system

C

FL1 FR2

SL7 SR8

RL3 RR4

R
